

The Success Express

Our Success Express gives women and gender expansive individuals the space to feel safe and receive the individualized and holistic support we are known for, anywhere!

The Success Express is an outfitted RV that reduces the barrier of transportation many low-income women face and allows for strategic opportunities to partner with agencies across the state to provide greater support. We meet women where they are by bringing our highly individualized services to them, helping to achieve career advancement, financial stability, and economic security. The Success Express includes a boutique with professional attire, dressing rooms, a mobile technology center, and individual meeting space.

Dress for Success Twin Cities

offers women and gender expansive individuals the ability to define success for themselves by providing access and the tools, skills, classes, and support to become economically independent. We believe in dressing a woman from the inside out. However, we also know how important it is to feel good in what you wear which is why clients have the opportunity to receive a confidence kit.
